Dear Parents and Guardians,

As we embark on the 2021-2022 school year, we want to ensure that you are well-informed about the learning options available to your child. Please take note of the following key information:

Learning Options:

- Full Day, In person Instruction
- Independent Study that includes synchronous and asynchronous instructional time

Please be aware that with the options of either in-person instruction or independent study, parents have the right to request a pupil-parent-educator conference meeting. The meeting will allow parents to inquire about the available programs before deciding to enroll in an independent study.

A student's participation in independent study is voluntary. Any students participating in independent study have the right to return to regular classroom instruction at any time. If a student would like to return to in-class instruction, RKS will ensure accommodations are made within 5 days.

Raymond-Knowles School believes that you have access to this information is vital to making informed decisions about your child's education. If you have any questions or require further clarification, please do not hesitate to reach out to the school administration. We are committed to supporting you throughout this academic year.

A Learning Options Survey will be sent to families before the start of the school year to choose what option would work best for them.

Thank you for your attention to this matter, and we look forward to a successful and collaborative school year.

Sincerely,

*Annie Scott*
