

Raymond-Knowles Elementary School

Parent Involvement Policy

At Raymond-Knowles Elementary School, we recognize that parental involvement is an important aspect of effective schooling. The school and the home cannot be looked at in isolation from one another; families and schools need to collaborate to help children adjust to the responsibilities of being successful students. Research has shown that parental involvement contributes greatly to student achievement and conduct.

The staff at Raymond-Knowles Elementary School believes that we should help parents develop skills to meet the basic obligations of family life and foster conditions at home which emphasize the importance of education and learning. Two-way communication about school programs and students' progress is promoted due to the belief that education is a responsibility shared with parents. Parents are invited to actively participate in school decision making. Parents are also encouraged to develop their leadership skills in governance and advocacy by attending school board meetings. By joining and/or attending the school site council, parents are able to be involved in the planning, review, and improvement of Title I programs.

Through conferences and newsletters, parents are provided with timely information about curriculum, assessments, and student proficiency levels. Parents are invited to attend appropriate trainings to help the school and the students reach stated goals, objectives, and standards. This will ensure that the school remains focused on our primary responsibility to provide a high-quality curriculum and instructional program in a supportive and effective learning environment that enables all students to meet academic expectations set forth in the California State Standards.

At Raymond-Knowles Elementary School, we believe that the parents have the responsibility and opportunity to work with the school in a mutually supportive and respectful partnership with the goal of helping their children succeed in school. We are committed to increasing parental involvement, which will ultimately improve student achievement.
