2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Raymond-Knowles Elementary School is the home of the Broncos. Our innovative and dedicated staff work together with parents and the community to fulfill our mission for all students.

The mission of the Raymond-Knowles Union Elementary School District is to educate all students in a challenging, disciplined, safe, and supportive environment, so they can reach their full potential of becoming productive citizens of high moral character, making life-long contributions to society.

Students at RKS are taught 21st-century skills that include the learning areas of core academic subjects using 21st-century themes of life and career skills, critical thinking, communication, collaboration, creativity, technology, and information/media literacy.

We are 1:1, student to device school. Every student in grades Kindergarten through eighth grades has a Chromebook assigned to them. Kindergarten and first grades use Chromebook tablets and second through eighth grades use Chromebooks Computers. We are also a Google Apps for Education (GAPE) school.

Raymond-Knowles Elementary takes pride in our student's work and accomplishments. We host student showcase events each trimester. We invite the community to the school to see our student's work on display at these evening events. These Student Showcase events have fostered a positive relationship between the school and the community.

We have a single all encompassing goal for the 2022-2023 LCAP: " RKUESD students will master core academic content in a challenging, disciplined, safe, and supportive environment for students and staff, with the support of highly qualified teachers, families, and the community, so they can reach their full potential of becoming productive citizens of high moral character, making life-long contributions to society."

We measure this goal with progress indicators such as iReady testing in math and reading every trimester, as well as yearly CAASP testing.

We communicate student performance to parents every trimester with individual parent conferences, where we discuss their child's academic progress indicated by comparison of testing data and teacher observation of student growth and social development.

RKS is proud of its long standing Response to Intervention program, which uses data to place students in individual and small groups for targeted intervention on a daily basis.

Students all have a computer or tablet to take home and are motivated to complete iReady Instruction activities after school hours to address learning loss. Students are rewarded for their iReady instruction minutes with incentives each trimester.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The LEA makes efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a Facility Inspection Tool developed by the State of California OPSC (F.I.T.). The results of this tool are available at the district office.

The district maintenance staff ensures that the repairs necessary to keep the school in good repair and in working order are completed in a timely manner. All school facilities are cleaned on a daily basis by janitorial staff.

The district sets aside approximately \$25,000 for maintenance and/or repairs.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	38	N/A	38	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

All parents are invited to parent/teacher conferences at the end of the first two trimesters. At these conferences, students' academic and social-emotional progress is discussed. In addition, we host academic student showcase events for parents and community members. We also have parent representation on our School Site Council, and we encourage parent attendance at school board meetings.

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.38	2.38	2.45
Expulsions	1.19	1.19	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The school safety plan was reviewed and updated by the school site council at the December 15, 2021 meeting, and approved on January 19, 2022. The safety plan is a working document that is discussed in School Site Council meetings and staff meetings. There are questions related to school and student safety on annual LCAP surveys. Changes are made to the plan as needed.
